

Tab 7 Method of Funding

(d) Method of funding. *Except as provided in § 64.604, the Commission shall not refuse to certify a state program based solely on the method such state will implement for funding intrastate TRS, but funding mechanisms, if labeled, shall be labeled in a manner that promote national understanding of TRS and do not offend the public.*

The State of Kentucky provides funding for the Kentucky Relay Service via a surcharge of seven cents per local exchange access line pursuant to KRS 278.549. The surcharge is combined with another surcharge that supports the Telecommunications Access Program and appears on the customer bills as “Telecommunications Relay Service/TAP Surcharge”. See attached samples of customer bills.
